2012-2013 Selective Service Appeal Form

Federal regulations require all male applicants for federal financial aid to be registered for Selective Service. The Selective Service System has not been able to verify your registration and because you are over 26 years of age, you are no longer able to register with the Selective Service.

In the space provided below, please explain why you did not register for Selective Service between the ages of 18 and 26 and then submit this form with copies of the necessary documentation to support your claim. If you are unable to provide documentation, you must contact the Selective Service System at 1-888-655-1825 or online at www.sss.gov and request a Status Information Letter. Please realize that your financial aid award cannot be processed until this information is received and reviewed by our staff. Thank you.
