PATIENT RESPONSIBILITY FOR BILLING

While the services provided at Health Services are paid for by student fees, there are occasional services that may incur an added expense.

Examples of additional charges you may be responsible for include (but are not limited to):
- STD Testing
- Blood work/ Laboratory testing
- Missed Appointment fees

When possible, students may use their health insurance to cover some of these charges. It is the student’s responsibility to provide Health Services with a copy of the current insurance card and to be aware of the terms of coverage. Health Services is not able to verify this information.

In some instances, fees may be charged directly to Student Accounting.
