**SKYLAB:**  

# Environmental Science Pre-college Program

**JULY 8-18, 2024**

Do you enjoy exploring the great outdoors?  
Want to examine environmental science  
principles in nature's laboratory this summer?

Join us for a fun, informative and hands-on environmental  
science pre-college program that offers the opportunity to earn  
college credit or participate for personal enrichment.

Open to high school students entering freshman through senior years,  
Kean's SKYLAB summer program is being held at Kean Skylands, located on  
over 40 acres of protected land in rural Jefferson Township, New Jersey.

243 Mount Paul Road  
Oak Ridge, NJ 07438

## SESSIONS

Enroll for two weeks with daily programming from 9 a.m. to 3 p.m. Monday to Thursday, July 8 to 18. SKYLAB is led by Kean's world-class faculty and student leaders who are motivated to share their knowledge and provide an adventurous pre-college experience. Topics for the two-week program include:

### Climate Change: Effects and Solutions

Environmental research methods, water quality testing, meteorology/weather and climate tracking, soil survey/analysis and renewable energy

### Saving Our Species (Plants and Animals)

Environmental research methods, biodiversity, arthropods, microscopy, plant identification, invasive species, mammals, herpetology and ornithology

### Drones and Environmental Technology

Environmental tech research, energy assessment and renewables, drone flight safety and regulations, drone data collection, mammal monitoring, topographic and ortho mapmaking and interpretation

## PRICING & AGE

- Non-credit rate: \$899 (\$800, before February 29, 2024)
- For-credit rate (2-credits granted): \$1,350
- Grades 9 – 12
