

EDUCATION – An Option to Liberal Arts

**Kean-Ocean Psychology - Elementary Education K-6 with TSD**

*Essential courses in **BOLD***

**LIBERAL ARTS - Option in Education (A.A. program) - A.A. Degree Program – Effective Catalog Year 2019-2020**  
**Program Code: AA.LA.EDUC**

The Associate of Arts (AA) in Liberal Arts with an option in Education will offer students the first two years of coursework for acceptance into a four year Teacher Preparation Program. The program will provide a specialized degree focusing on teaching in the elementary school (K-6) as a generalist. Emphasis will be placed on preparing students for passing the CORE Praxis test of Reading, Writing and Mathematics for acceptance into a College of Education. Embedded in the Education courses, students will be introduced to the rigors of the required edTPA for eventual New Jersey state licensure.

<b>GENERAL EDUCATION CORE REQUIREMENTS</b>

<b>NOTES:</b>		
*	Students may attempt to “test out” of the technology requirement. If they succeed,	

EDUCATION – An Option to Liberal Arts

	they must take an additional course(s) in math or science from the List of Approved General Education Courses.
	cr. (credit) = semester credit hour

Explanation:

- We have designated a number credits in General Education from “open” to a specific course choice. These **do not count** towards the credits that are considered different from the base program.
- We have designated 12 credits in electives as required EDUC elective courses. These changes **do count** towards the difference from the base program. **Therefore, this option differs from the base program by 12 credits.**

**LIBERAL ARTS: EDUCATION - PROGRAM OUTCOMES:**

Students who successfully complete this program will be able to:	
1	Apply the knowledge of student learning to develop appropriate activities and classroom management strategies to meet the needs of diverse students based on cultural, language, gender, and exceptionality differences.
2	Outline the assessment process for classification of a student with exceptionalities and delineate the programs available for each classification from birth to adulthood.
3	Address key legislations that has impacted the educational system for students, families, and school personnel.
4	Demonstrate appropriate skills for used in problem solving in Algebra and Geometry for use in developing skills for teaching Math as a future teacher.
5	Demonstrate writing skills when detailing the clinical observation experience by providing both a reflective narration and clinical report of what was observed.

Board of Trustees Approval Date: February 28, 2019
