SKYLANDS

EVENT RENTALS

WELCOME and thank you for considering your next event at the beautiful Kean Skylands campus. Conveniently located near routes 23, 80, and 15, yet tucked away on 44 acres of the Kittatinny Valley, the Kean Skylands campus provides a unique setting for a multitude of events. Our facilities offer a variety of multi-purpose spaces with first-rate amenities, with the added benefit of a stunning natural environment which can be used for your event or simply as a backdrop. Available year-round, our quality service, professional staff, and state of the art facilities are a wonderful resource for all.

MEETING AND CONFERENCE ROOMS

Inspire productivity, creativity, and learning in an atmosphere uniquely designed to bring out the best in people. From board meetings and executive lunches to training seminars, corporate presentations, and workshops, our vibrant campus has enhanced conference and meeting spaces that promise to impress high-level executives, employees, partners, and clients.

CELEBRATIONS

If you desire a beautiful, natural setting for your next event, the Skylands is for you. 360° panoramas of the Kittatinny Valley are available from our one-of-a-kind skywalk and adjoining observation deck. Enjoy waterfront views while sitting dockside or gazing from our floor to ceiling windows. Whether you are looking to host dinner and dancing, a luncheon, or even a family reunion, our rustic, yet elegant reception areas are the perfect setting for your next event.

THE LODGE

A renovated 30,000-square foot former abbey now serves as the campus' main building and is home to several multi-function spaces. The Lodge is equipped with state of the art technology in all of its rental spaces and each can be configured to your needs. Extending your visit is simple when you take advantage of our overnight accommodations (twin and queen beds available). With its lakefront view, every room in this building inspires creativity and serenity.

THE CABIN

The campus' newest building is nestled among the trees and lends impressive views of the area with its floor to ceiling windows. The Cabin has three floors of classroom spaces, each of which may be divided into two. Crowning the building is an open observation deck adjoining the skywalk.

THE SKYWALK

This 35-foot tall canopy walk is one of a kind. Function meets style where the skywalk acts as a sidewalk connecting the campus' two buildings, but allows for 360° views of the surrounding Kitatinny Valley. Two outdoor classrooms and event space make the structure one you cannot miss.
