My Guide
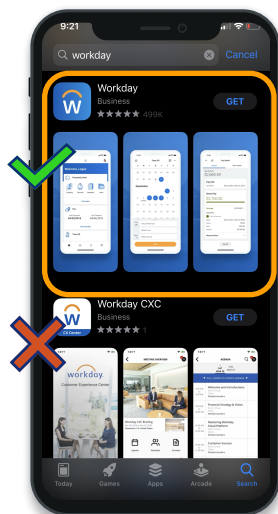

Downloading Workday Mobile

Mobile Is Here!

The Kean | Workday MyGuide is intended for the following users :
All Kean University Employees

Download Workday App **1**

From your mobile device locate the App Store, Google Play store, Android Market, or any app downloading software for your specific device. Search and download the Workday App which is in blue with white lettering and orange sunrise.

Log In **2**

Open the Workday App once the app has completed downloading. A few screens and images will pass until you reach the welcome page. Locate the Log in action button at the bottom of the screen.

Access Organization ID **3**

When asked to enter Organization ID, you can follow the directions provided or simply enter "Kean" into the box provided. The box will turn green when the correct ID is typed. Alternatively, you can also scan the QR code located in the image to the right.
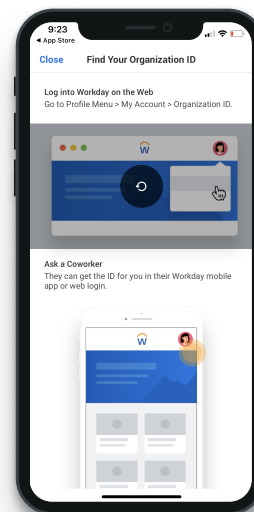

Access Workday on the go

Your Organization ID: **kean**

Get the Workday mobile app and use your Organization ID to connect.

⌄ **Scan**

⌄ **Download**
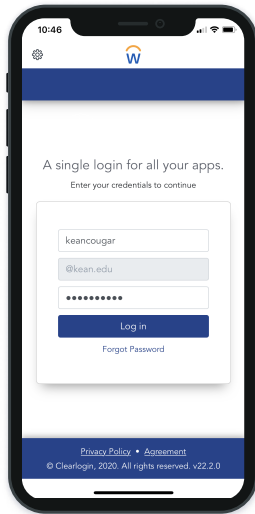

Download on the App Store   GET IT ON Google Play

Log In   4

Log in to the Workday App using your Workday credentials (same credentials as your Kean Google email)
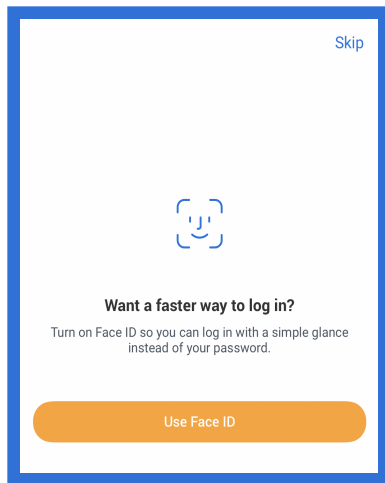

Remember Device   5

Allow your device to remember the Workday credentials to make it easier to log in when you need. This is an option step.
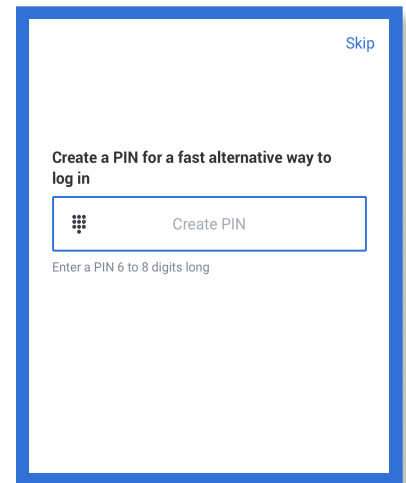

Remember Device?

Remembering this device allows you to sign in more easily and better protect your account
